

RESOLUTION NO. 2010-01

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF  
ISSAQUAH, WASHINGTON, REGARDING DISPOSAL OF  
UNUSED OR UNWANTED MEDICINES.

---

WHEREAS, drug overdose deaths have increased to surpass car accidents as the leading cause of accidental deaths in Washington State, and 40% of poisoning deaths involve prescription opioid pain relievers, and

WHEREAS, abuse of prescription pain killers ranks second, only behind marijuana, as the Nation's most prevalent illegal drug problem, and

WHEREAS, abuse of medicines by teenagers is a growing problem, including abuse of prescription drugs such as painkillers, sleeping pills, anti-anxiety drugs, and attention-deficit hyperactivity disorder (ADHD) medications, as well as over-the-counter drugs, such as cough and cold remedies, and

WHEREAS, over half of the people using prescription drugs for nonmedical reasons obtained them from a friend or relative for free, and 15% of 10<sup>th</sup> graders in Washington who abused prescription pain relievers got them from their own home or someone else's home without permission, and

WHEREAS, unwanted medicines left in the home could increase opportunities for drug abuse, drug diversion, and accidental poisonings, and

WHEREAS, unwanted medicines disposed to sanitary sewer systems are not completely treated by the wastewater treatment facilities, allowing pharmaceuticals to be released into the environment, and

WHEREAS, disposal of unwanted medicines to residential garbage is not secure and medicines in solid waste systems may end up in landfill leachate, which may be pumped to wastewater treatment facilities, eventually allowing pharmaceuticals to be released into the environment, and

WHEREAS, pharmaceuticals have been detected in the surface waters of Washington State and around the United States, and in the drinking water of 24 major metropolitan areas affecting 41 million Americans, and

WHEREAS, the number and volume of pharmaceuticals prescribed to U.S. residents has increased dramatically in the past decade, with Washington State residents now purchasing an average of nine prescriptions per year, resulting in greater accumulations in Washington State homes, and

WHEREAS, unused or unwanted quantities of prescription and over-the-counter medicines are projected to be substantial, with some studies estimating that between 30% and 80% of patients do not finish commonly prescribed medicines such as pain medicines, antibiotics, and beta blockers, and

WHEREAS, a pilot medicine return project operating in Washington State since October of 2006 by Group Health Cooperative and Bartell Drugs has collected more than 27,000 pounds of unwanted household pharmaceuticals, demonstrating the demand and feasibility of such a system, and

WHEREAS, sheriff and police offices in several Washington counties and cities including Issaquah are operating drug take-back programs that collect and dispose of legally prescribed controlled substances, and

WHEREAS, communities are struggling to implement and finance programs to address the public safety impacts of leftover medicines in resident's homes and the environmental impacts of improper disposal of unwanted medicines, and

WHEREAS, pharmaceutical manufacturers currently operate and fund successful drug take-back systems in Canada and several countries in Europe, NOW THEREFORE,

THE CITY COUNCIL OF THE CITY OF ISSAQUAH, WASHINGTON,  
HEREBY RESOLVES AS FOLLOWS:

Section 1. The City of Issaquah supports establishment of a convenient, safe, secure, and environmentally sound medicine return program for unwanted medicines from households through an internalized pharmaceutical manufacturer financing mechanism that covers the cost of collection, transportation, and hazardous waste disposal, and does not rely on state and local government funding.

Section 2. The City of Issaquah should continue to help educate residents about proper disposal of medications and the disposal options available in the community.

PASSED by the City Council this 4th day of January, 2010.

APPROVED:

  
\_\_\_\_\_  
JOHN TRAEGER, COUNCIL PRESIDENT

APPROVED by the Mayor this 4th day of January, 2010.
