

COMMISSIONERS RECORD 44
FRANKLIN COUNTY
Commissioners' Proceeding for January 27, 2003

The plotter is functioning well. It is not on a maintenance agreement but is fixed as needed.

The large copier in the Planning Department is used by GIS when needed.

Mr. Bowen said the large copier in the Planning Department was purchased from Public Works and is worn out. He asked Mr. Borden to check into new large copiers.

OFFICE BUSINESS

Mr. Brock and Mr. Bowen met with the City of Pasco about a Mosquito Control District. The city still wants to contract and offered a contract charging up to whatever we would assess in the county. They want a contract but they don't want to be in the district. Mrs. Miller asked what is their reason behind it. Mr. Brock said it is the psychology of not having to assess the residents of Pasco. Mr. Brock suggested to the City of Pasco that they lower other city assessments.

Mrs. Miller said she is not in favor of having the city not be a part of a mosquito control district. Mrs. Corkrum said we can't change it because the resolution is already in the hands of the auditor.

Executive Session at 10:18 a.m. regarding personnel expected to last ten minutes.

Open Session at 10:26 a.m.

PROSECUTOR

Deputy Prosecutor Darin Campbell met with the Board.

Mosquito Control District

Mr. Campbell said the election for the mosquito control district needs 50% to get the mosquito district approved and 60% to get the money for the mosquito district. He said the statute says three-fifths which is 60%.

Mr. Campbell said the City of Pasco's time for public comment was during the public hearing about the boundaries but City of Pasco did not say anything at that time.

Hotel agreement

Mr. Campbell is reviewing the hotel agreement with A-1 Hospitality. He will have it ready for the Board on Wednesday.

COMMISSIONERS RECORD 44
FRANKLIN COUNTY
Commissioners' Proceeding for January 27, 2003

Mosquito Control District

Mr. Brock said he is meeting with various people to know what to do if the Mosquito Control District does pass so permits are ready to go. Some of the spraying permits require 45- to 60-day approval.

OTHER BUSINESS

Minutes

Motion – Mrs. Corkrum: I move for approval of minutes for January 8, 13, 15 and 22, 2003. Second by Mr. Brock. 3:0 vote in favor.

Adjourned at 11:26 a.m.
