

# eCommerce Program

**King County**

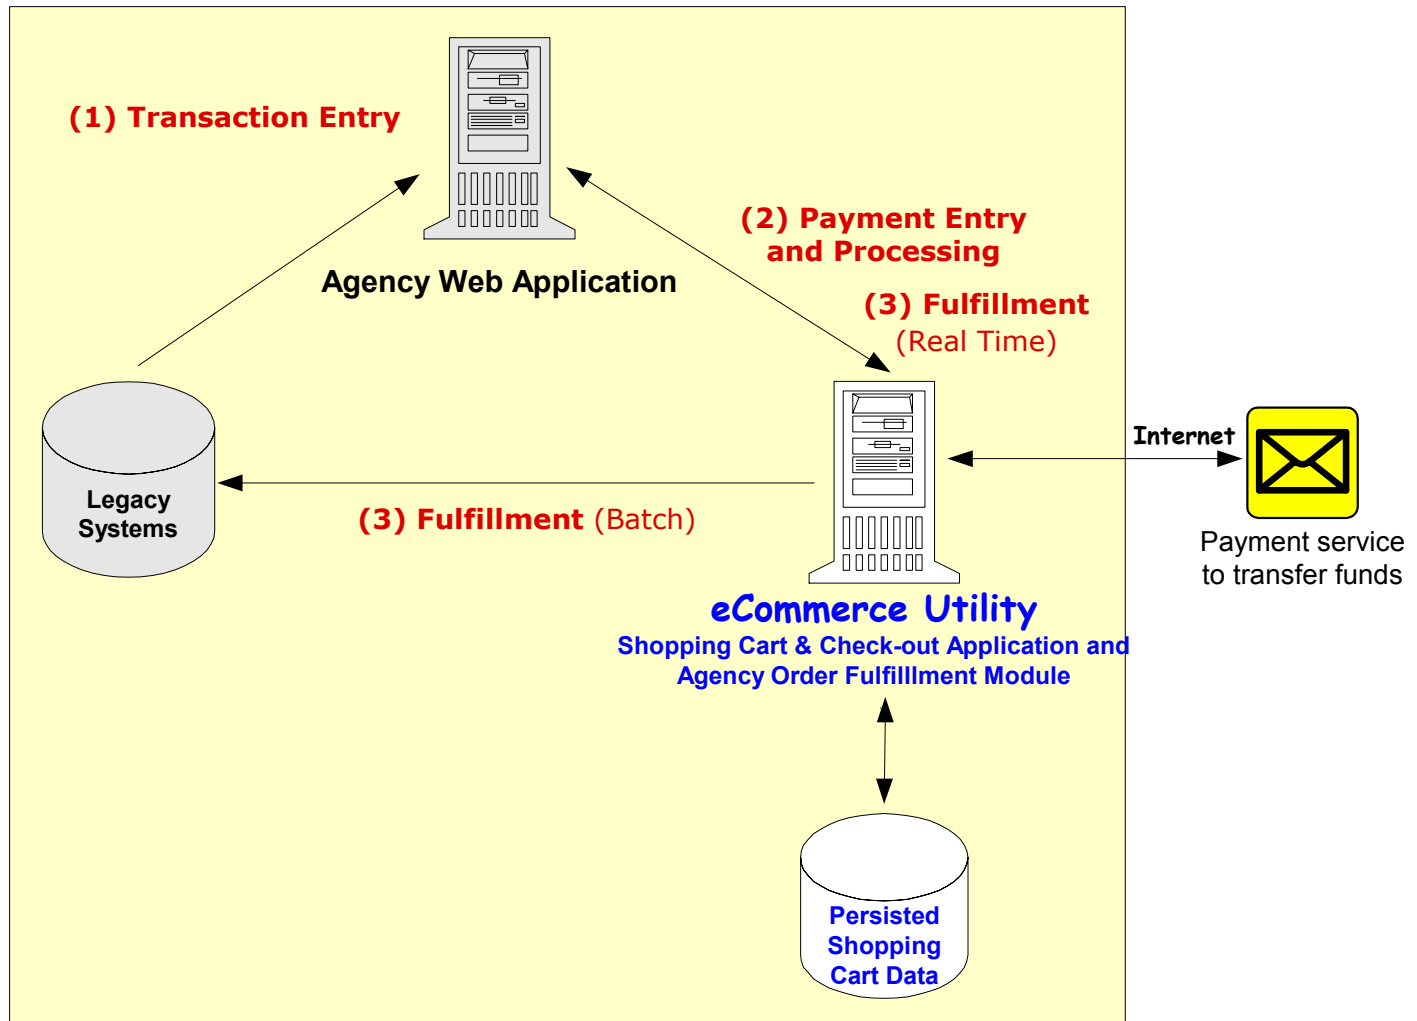

# What are we doing

- Create an eCommerce “utility”
- Validate the utility with pilot applications
- Establish policies, procedures, guidelines to support eCommerce

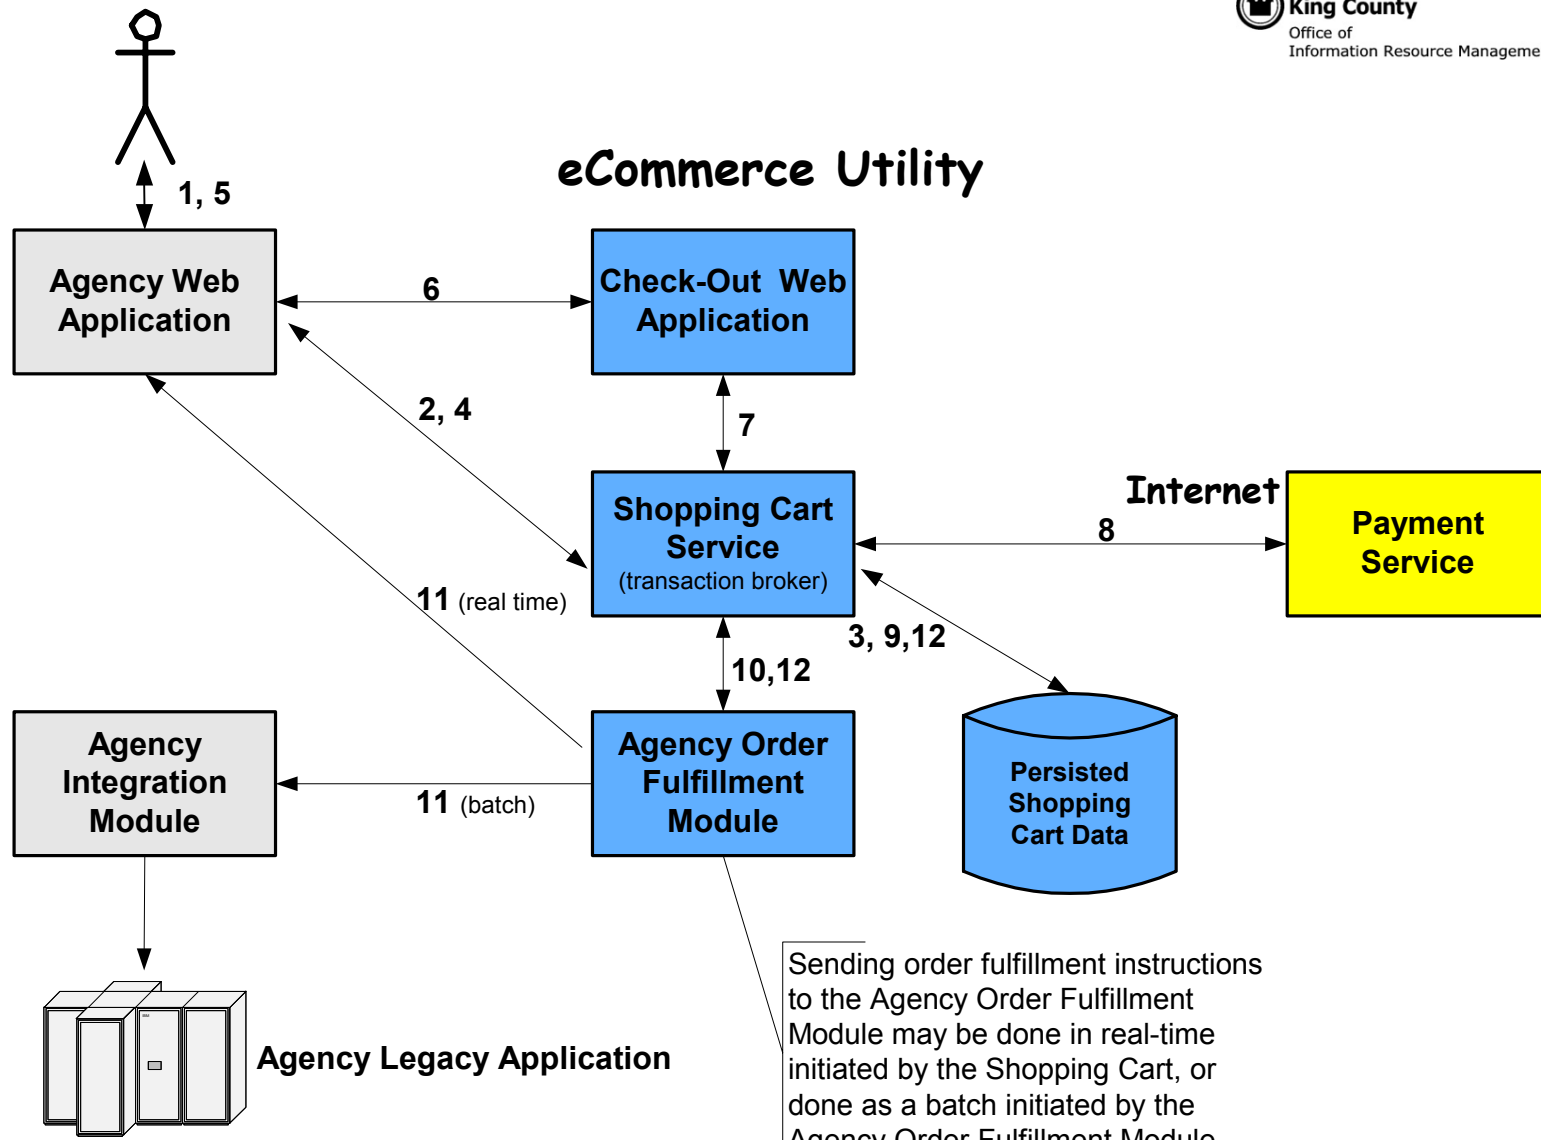

# What have we done so far

- Created a roadmap for eCommerce
  - Evaluation
  - Pilot Program
  - Deployment
- Evaluated applicable laws and internal policies
- Defined requirements for eCommerce and pilots applications
- Developed an eCommerce architecture

# Architecture Overview

# eCommerce Transaction Flow

Sending order fulfillment instructions to the Agency Order Fulfillment Module may be done in real-time initiated by the Shopping Cart, or done as a batch initiated by the Agency Order Fulfillment Module.

# What's next

- Design, build and test eCommerce utility
- Design, build and test pilot applications with eCommerce utility
  - Pet Licensing
  - Property Tax
  - Superior Court filing fees (demo)
- Establish business and technical support structure for eCommerce
